

UNIVERSITY OF LATVIA

ORDER

Riga

17 July 2018.

No. 1/259

On Prohibition of Smoking

The current document has not been amended

In order to ensure safe working environment and workplace for employees of the University of Latvia (hereinafter – UL) in the buildings in Riga, Raiņa bulvāris 19 and Aspazijas bulvāris 5, which is free from smoke pollution from tobacco products and/or plant smoking products, as well as vapours emitted by electronic smoking devices,

1. I IMPOSE a prohibition of smoking at the premises of the University of Latvia buildings in Riga, Raiņa bulvāris 19 and Aspazijas bulvāris 5, and in the courtyard areas adjacent to the buildings.
2. TO TASK the head of the UL labour protection system with taking all the required steps regarding the placement of an informative sign or symbol indicating smoking prohibition on the premises of UL buildings in Riga, Raiņa bulvāris 19 and Aspazijas bulvāris 5, and in the courtyard areas adjacent to the buildings in accordance with the requirements of the legislation of the Republic of Latvia.

Pursuant to: Proposal of UL employees and UL Trade Union.

Decision of the Management of the University of Latvia of 25 June 2018.

Law “On the Handling of Tobacco Products, Herbal Products for Smoking, Electronic Smoking Devices and Their Liquids”.
